

HEATH D LAWRENCE

Troop 55

Project Hours 81.25

Board of Review 06/06/16

EAGLE PROJECT My Eagle project was made up of two parts. The first part of the project involved preparing and painting bookshelves and work surfaces at the CCF Day Care Center. The Foundation was expanding their program and outfitting a new classroom. The second part involved determining and securing the needed supplies/materials in the event of an emergency. I was responsible for identifying what supplies were needed, purchasing those supplies, and developing a storage system for these provisions. The needs of this organization are expanding and a new classroom was needed to handle the addition of more children to the program. This project provided CCF with the help they needed for their expansion plans.

SCOUTING ACHIEVEMENTS Historian, Librarian, Assistant QM, QM, Troop Guide, ASPL, SPL; NYLT, NYLT Leadership Academy; Jamboree 2013

FUTURE AMBITIONS My plans include trade school. I think I want to be an electrician. I expect to continue my pursuits in rock climbing, camping and hiking. I would like to branch out into Alpine climbing if possible.
