EAGLE PROJECT I created a historic driving tour for Brandywine Battlefield Park. The tour is called “Before Valley Forge” and it follows the path of General Washington and the Continental Army from the Battle of the Brandywine on September 11, 1777 to the Encampment at Valley Forge on December 19, 1777. The tour stops at historic sites where Washington and his troops stayed, as well as highlighting some of the key battles during the campaign.
