

# OWEN M SUGG

Troop 220

Project Hours 234.00

Board of Review 12/13/16

**EAGLE PROJECT** I built five tack lockers for Locust Lane Riding Center, a non-profit organization that provides therapy for children with disabilities through horse riding. The lockers will be used by the volunteers at the farm, and are easily movable for when the beneficiary moves to a new farm this year.

**SCOUTING ACHIEVEMENTS** ASPL, PL; OA Brotherhood; NYLT; NOAC, Philmont (Crew Leader)

**FUTURE AMBITIONS** I plan on attending college for mechanical engineering, and possibly go into the energy industry in the future. I also plan to continue my involvement in music in college, and hope to play in school ensembles or other groups, mainly for jazz guitar.

## Eagle Project
