

TYLER AMENDOLA

Troop 50

Project Hours 100.00

Board of Review 02/05/16

EAGLE PROJECT I lead a group of scouts and other volunteers to build 8 10' benches that replaced the old broken benches at Variety club. They are much longer and wider than the old benches filling up the fire circle better and with more seating. The benches are safer for kids to sit on. The old benches had splinters and were not made of a weather resistant material, so they were rotting away. Variety club employees told me that this was the motivation they needed to make more improvements to the fire circle such as adding rock and mulch around the circle, cleaning the area of debris, and building a wood shed.

SCOUTING ACHIEVEMENTS ASPL, PL, Troop Guide, Youth Leadership Troop Trainer; NYLT; Jamboree 2013, International Jamboree 2015; 2 troop wreath sale awards, T50: Edmund I. Purdy Jr. award (best cook), JB Rettew III trophy (best patrol leader), Future Leader Award

FUTURE AMBITIONS I am planning on going to college for psychology, finance or engineering. My future plan in Devon 50 is to be ASPL until I am ready to step up to be SPL.

Eagle Project
