

LINDSAY A TOBIAS

Troop 50

Project Hours 242.25

Board of Review 05/26/16

EAGLE PROJECT I cleared out a large area of open but overgrown space behind the Administration Building of Washington Memorial Chapel. Also cleared out a lot of leaves and tree limbs which had been dumped behind this building for years and planted about a dozen new trees and shrubs on the side of the building.

SCOUTING ACHIEVEMENTS PL, APL, Troop Guide, Patrol QM; OA Brotherhood

FUTURE AMBITIONS I plan on going to college for engineering/architectural design and/or journalism. Although journalism is an interest, I would rather develop and utilize my skills in engineering new rollercoasters and flat rides.

Eagle Project
