

# **GREGORY K STRAVOUS**

Troop 220

Project Hours 299.00

Board of Review 07/26/16

**EAGLE PROJECT** I organized the construction of an 18'x16' shed for my church, Grace Covenant. The shed will be used as additional storage space for the church since they had run out of places to store things. It could hold tables, chairs, equipment for maintaining the yard including opening up the possibility for the church to get a lawn mower.

**SCOUTING ACHIEVEMENTS** Chaplain Aide, Troop Guide, PL; OA; Sea Base

**FUTURE AMBITIONS** I will be attending Temple University in the fall of 2016 to study engineering. I currently am going in as undecided engineering but am thinking of changing my major to construction management.

## **Eagle Project**
