EAGLE PROJECT I collected 595 pounds of items that were placed in 100 care packages that were shipped to active service members overseas. This project brought the local community together in a singular cause to gather items and write letters to show appreciation for the sacrifices that service members make. Hopefully these packages will serve as moral support to soldiers and show support and love from back home.

SCOUTING ACHIEVEMENTS SPL, PL (3 years), Troop Guide; OA; ILST, NYLT

FUTURE AMBITIONS I'd like to graduate college with either a master's degree in psychology or a Ph.D in physical therapy. If I get a master's degree in psychology, I would become a counselor or a therapist. After I gain experience I plan to establish my own counseling center by partnering with a religious congregation. I'm also considering physical therapy; it pays better and has better hours, allowing me to spend more time with my family as well as more time and funds to put towards a homeless shelter project I have in mind. It would also allow me to maintain a more active lifestyle.
