**EAGLE PROJECT** I assembled care packages for soldiers stationed in Iraq as well as a few specific requests for soldiers, such as one stationed at Guantanamo Bay. We collected the supplies and paid for postage through donations from church goers and via door to door requests. We sent 65 packages that contained over 2,000 items.

**SCOUTING ACHIEVEMENTS** PL, Troop Guide, Bugler; Philmont

**FUTURE AMBITIONS** I plan to work in a career in alternative energy after I finish college. I am considering attending a local college such as West Chester University or Drexel.
