

GRAHAM E HARKINS

Troop 222

Project Hours 274.70

Board of Review

EAGLE PROJECT My project was trail repair at Oakbourne Park, connecting the park to Dogwood Lane. The trail had been devastated by runoff water which caused massive amounts of erosion; the trail was very hazardous to use. We installed water bars to the trail to redirect water runoff. In the areas of deep areas of erosion we filled with stone and gravel to hold the rock in place when it rains. After we finished with the water bars we backfilled them with dirt and stone to keep them in place, and then used rebar. Finally we covered the trail by spreading woodchips 3" deep.

SCOUTING ACHIEVEMENTS SPL, PL, Librarian; OA; Silver Buckle

FUTURE AMBITIONS I am in my senior year at West Chester Rustin HS; after graduation I plan on attending a 4-year college and major in marketing or business at West Virginia University or Bloomsburg University. I would like to start my own business in the West Chester area. After establishing a successful company I want to have a family and sons, who one day I can help get the rank of Eagle. Throughout my life travel and see as much of the world as humanly possible.

Eagle Project
