

## AUGUST J PIRO

Troop 2

Project Hours 399.00

Board of Review 01/26/16

**EAGLE PROJECT** My project was titled "The Construction of a Grotto in Front of St. Joe's Parish in Downingtown." The project required 300 on site hours and took six work weeks spread out over three months. The finished product was a freestanding dry stacked stone arch made of 100 real stone and mortar. It now stands nestled against the church, awaiting the church landscaper to develop around the shrine. At 8' tall, 60"x60" base and weighing in at an estimated four tons of above ground stone, the thing is one monster of a project.

**SCOUTING ACHIEVEMENTS** SPL, Troop Guide, PL; NYLT; Silver Buckle

**FUTURE AMBITIONS** I plan to attend college for a degree in economics and ultimately earn a Ph.D. and seek employment from an economic think tank such as the Cato or Misus Institutes. From there I plan to develop government policy and eventually run for political office.

## Eagle Project
