

# LIAM J CONGLETON

Troop 6

Project Hours 149.00

Board of Review 09/13/16

**EAGLE PROJECT** My project was done for the people in charge of The Grove Methodist Church Cemetery, who were without efficient digital records of all the graves within the cemetery. To achieve this I, along with many other scouts, recorded names, dates, and other information present at each headstone, so that an accurate representation of the cemetery could be referenced on a spreadsheet without need of legwork. This project was not always easy, as some grave markers were worn away with time. However, we did everything to the best of our abilities.

**SCOUTING ACHIEVEMENTS** SPL, ASPL, PL, QM, Troop Guide; OA; Sea Base; Good Citizenship Award

**FUTURE AMBITIONS** I plan to attend West Chester University with a major in Economics and go through the pre-business courses therein present. I am very eclectic, however, and have a great love of the natural world and its sciences, so it is truly hard to estimate my future plans. I will strive to live my future out in the virtues established in me through the Scout Law and Oath.

## Eagle Project
