

# MAXFIELD S MAGEE

Troop 1

Project Hours 71.00

Board of Review 05/19/16

**EAGLE PROJECT** I built a set of outdoor stairs on a steep embankment and used a check dam method to make a longer hill easier to climb. I created/marked about a half mile of connection trails and I created a new, correct map for the nature conservancy. I did the project for the Open Land Conservancy of Chester County, a nonprofit that owns and maintains land for public use.

**SCOUTING ACHIEVEMENTS** PL, QM; OA; Sea Base

**FUTURE AMBITIONS** I hope to get into a good college, potentially a military college. I plan to major in some form of engineering. To do that I am and will continue to take all AP and honors courses.

## Eagle Project
