

ZACHARY K WETZEL

Troop 50

Project Hours 113.50

Board of Review 02/05/16

EAGLE PROJECT I led a team to repair a bridge at Waterloo Mills Preserve to make it fit for all visitors, especially young children and the disabled. We added stone on either side of the bridge to create a safer grade and to minimize tripping on the concrete foundation. I then led the group to replace the horizontal floor planks that were rotted out, and replaced the rotted side rails. All the new wood used was pressure treated and the screws and lag bolts were new so that the bridge will last a long time.

SCOUTING ACHIEVEMENTS Jamboree 2013, Philmont; Duty to God, World Conservation Award, Paul Bunyan Woodsman Award, Philmont Wilderness Pledge Achievement and Expedition Arrowhead

FUTURE AMBITIONS I plan on attending a 4-year college. I am not sure what my career goal is yet, but I am drawn to a profession supporting the arts. I hope to continue to continue expanding upon the leadership skills and personal values I learned in Boy Scouts. I want to continue to be helpful, courteous and kind, in my everyday life. I believe in the importance of cheerful service to benefit the community, and I hope to continually lead others in service the rest of my life.
