

# ROBERT A MAXWELL

Troop 31

Project Hours 147.75

Board of Review 03/17/16

**EAGLE PROJECT** My project took place at the historic Hydro-Electric Mill in Pennsbury Township for the Pennsbury Historic Preservation. The project involved removing existing wire fencing around the property of the mill and replacing it with a split rail fence comprised of locust posts and spruce rails. I also replaced two 8' cattlegates at the entrance of the mill with two new 10' cattlegates.

**SCOUTING ACHIEVEMENTS** Den Chief, PL, Troop Guide; Philmont (Crew Leader), Jamboree 2013; Good Citizenship Award

**FUTURE AMBITIONS** After my high school graduation in June 2017, I hope to attend college to study business management with an interest in sports management.

## Eagle Project
