

JACK I WAGNER

Troop 66

Project Hours 117.55

Board of Review 07/05/16

EAGLE PROJECT My project included the excavation of built up sediment and rocks from three culverts in the Paoli Battlefield Historical Park's trail drainage system, replacing the dirt and debris with ground cloth and river stone to make the drainage more effective and aesthetically pleasing. This project was done on behalf of the Paoli Memorial Association.

SCOUTING ACHIEVEMENTS ASPL, PL, APL, Historian; Maine High Adventure; Scout of the Year 2013

FUTURE AMBITIONS I plan on finishing high school, going to college and getting my degree (generally in the business field). I want to publish the book I am currently writing and make a good enough living to get married and have a family.

Eagle Project
