

HENRY R GEIGER

Troop 50

Project Hours 117.00

Board of Review

EAGLE PROJECT My project was a tree reforestation project at Waterloo Mills Preserve, a 170-acre property. I cleared and planted two areas designated by the Preserve Manager. I mowed the designated areas and wound up mowing them into one large area. We planted 175 trees and installed a protective cover on each to make sure the deer population will not eat them. By clearing the land and planting new trees, my project reintroduced native trees to the woodland, replaced the older trees, and minimized the invasive plants due to a dense planting of new trees.

SCOUTING ACHIEVEMENTS ASPL (New Scouts), PL, Troop Guide, Patrol QM; OA Brotherhood; 2012 Summit Shakedown, Jamboree 2013, Philmont, Sea Base; T50: Patrol Award for Most Rank Advancements, Best Patrol Leader

FUTURE AMBITIONS After high school graduation, I would like to attend a 4-year college or university and major in computer science. I have an interest in video game design and cyber security. I would like to explore those more through school work and campus clubs. I hope to get a good job using these skills.

Eagle Project
