

# WYATT C ANDERSON

Troop 53

Project Hours 85.25

Board of Review 08/29/16

**EAGLE PROJECT** I built a platform, interpretive kiosk, and bench for the Landenberg Junction Trail head. This is part of a “Rails to Trails” effort run by Friends of New Garden Trails. My kiosk, bench, and platform showcase a new part of the trail network by what used to be the Landenberg Country Store. This will allow people to rest after a long walk, or view the history of the railroads around Landenberg.

**SCOUTING ACHIEVEMENTS** Scribe, PL, Den Chief; OA Brotherhood; Den Chief, Totin’ Chip; Jamboree 2013, Sea Base (PL)

**FUTURE AMBITIONS** After I graduate from Kennett HS, I want to attend college. I am interested in the sciences and I want to focus my career on mechanical engineering with a specialty in physics, aerospace or environmental science. I enjoy the outdoors and being able to see the stars at night. I hope I can attend a school and have a career that will enable me to preserve and enjoy the outdoors.

## Eagle Project
