

WILLIAM H MACKRIDES

Troop 78

Project Hours 65.00

Board of Review 01/07/16

EAGLE PROJECT I took down decaying doors under a stage for a new storage area where golf carts will be stored; we also demolished and removed a divider in the main area of the storage room. I purchased plywood, nails, studs, and other necessary materials to build new, sturdier doors for the Medal of Honor Eagle Grove in Valley Forge. With the help of close friends, scouts, and adults, we assembled the doors, transported them to the Grove, and hung the doors. We removed a divider in the storage area, and an adult leader cut parts of the wall, we removed the old doors and the demolished divider.

SCOUTING ACHIEVEMENTS SPL, PL, Webmaster, Troop Guide, Patrol QM; OA Ordeal; Kayaking Trained; Silver Buckle

FUTURE AMBITIONS I will go to college to study business marketing. After college I'd like to have a job in the business world in international marketing, business management, or hotel and restaurant management. I would like to own my own business someday, and be a strong entrepreneur like my father.

Eagle Project
