

# MICHAEL R DAVIS

Troop 116

Project Hours 65.30

Board of Review 11/15/16

**EAGLE PROJECT** The Thorndale Baptist Church was reorganizing itself and needed a new sign near its front entrance. The old one was a one-sided 4'x8' plywood sign. Once the church identified a new name for their church - Light of Life Community Church - we held a spaghetti dinner fundraiser raising over \$630 towards materials. We constructed two signs facing opposite directions along the road and landscaped around them. The signs were constructed from 4'x8' sheets of polyurethane in hopes they would last a lot longer.

**SCOUTING ACHIEVEMENTS** SPL, ASPL, PL, Den Chief; OA Brotherhood; Philmont

**FUTURE AMBITIONS** I am finishing my senior year at the Coatesville Area High School. I have been working part-time at the Giant supermarket in Thorndale. I was accepted and will be attending Penn State University on their Main Campus beginning in late June. I currently plan on majoring in either engineering or computer science.

## Eagle Project
