

CHRISTOPHER W TUROC

Troop 181

Project Hours 57.85

Board of Review 10/29/16

EAGLE PROJECT I worked to create a new base for two sets of bleachers at one of the baseball fields for Berwyn Paoli Area Little League. I took out the existing base, which was unattractive and easily turned to mud in the rain, and replaced it with a large gravel platform, improving the functionality for both the spectators and the little league.

SCOUTING ACHIEVEMENTS SPL, ASPL, PL; OA; NYLT; Philmont

FUTURE AMBITIONS I plan on attending college, and studying some form of engineering or computer science. I expect to find a job in that field, and hopefully be able to stick with it. Beyond that, I hope for nothing more than to live comfortably, happy, healthy, and continue the spirit of Scouting.

Eagle Project
