

# DAVID E LAMBERT

Troop 135

Project Hours 144.50

Board of Review 10/18/16

**EAGLE PROJECT** We made several landscaping improvements to the Woodland Community Church property. We spread topsoil around the church house and regraded it to slope away from the house. We planted grass seed and covered it with straw, to help stop water leaking into the basement. We removed an old water fountain, fixed a rain gutter and some downspouts. We reset some landscaping pavers that had sunk into the ground. We dug up 5 old dead evergreen trees and planted 4 new ones. We cleaned up a huge pile of brush from a tree that had been cut down along with a lot of sticks around the property. We filled in a sink hole around a light pole and reseeded it. We spread topsoil by the entrance to cover a barren area, seeded it and covered it with straw. Finally, we patched the driveway.

**SCOUTING ACHIEVEMENTS** SPL, ASPL, PL, QM; OA Brotherhood; NOAC 2015; Arrow of Light, Silver Buckle

**FUTURE AMBITIONS** I plan on becoming a crop farmer, settling down and raising a family.

## Eagle Project
