**EAGLE PROJECT** I designed and constructed two brand new masonry dugouts for the Coatesville Area Little League. I first learned the needs of the league, from there I went to an architect, designed and budgeted the dugouts. Then I sent out a donation letter to friends and family. I raised about \$7,200 and had \$20,000 donated in specialized labor and materials. I directed the pouring of two new concrete pods, then the construction of the dugout using rockface red brick, and finally the installation of the aluminum roof and benches.

**SCOUTING ACHIEVEMENTS** ASPL, PL; OA Ordeal; First Aid/CPR Certified; Den Chief Award

**FUTURE AMBITIONS** I plan to attend a 4-year college to study business management and take other necessary courses, while I figure out exactly what I am interested in.
