

Tyler Rubin

Troop 30

Project Hours 271

Board of Review 11/14/2017

Eagle Project I did my project for the Greenwood Elementary School. My project was a four part project:
1) I did conservation work on their existing garden. Weeding and cleaning up of garden edges. 2) I put in a new outdoor chalk board on the playground. 3) I refurbished all existing blacktop games such as basketball ct., hopscotch, several foursquare games. I created a new numbers chart from 1-100 using a solid blue background with a white grid and numbers. 4) I took down the school's old buddy bench plastic sign and replaced with a wood board that I treated with outdoor paint and stenciled an appropriate design and words of buddy bench.

Scouting Achievements

SPL, Historian; ILST, NYLT; Sea Base; Silver Buckle

Future Ambitions: Right now my plan is to take some classes at the local community college while still pursuing my passion of playing guitar. I have many ideas of things I'd like to work with as I get older and haven't narrowed down anything completely yet. I love music a lot but I also love drawing and cooking.
