

# Kerry M Blecher

Troop 22

Project Hours 246

Board of Review 11/21/2017

**Eagle Project** I built four large raised cedar garden boxes for Kendal at Longwood. The raised boxes are for the residents as they will be able to reach the boxes easily from wheelchairs or walkers. The boxes replaced the previous boxes that were falling apart.

**Scouting Achievements** QM, Troop Guide, OA Representative; NYLT; OA Brotherhood; NOAC 2015, Philmont

**Future Ambitions:** I intend on going to a four year college and getting a degree in engineering or natural resources. I aim to go back to Philmont again. I will enter the workforce and continue to support Scouting. One of my personal goals is to ski in the Alps in Germany and Switzerland.

## Eagle Project
