Project Hours 105

Board of Review 9/12/2017

Eagle Project I constructed a "Buddy Bench" for Saint Joseph's School in Downingtown. A buddy bench is a colorful, inviting bench where children who feel lonely or left out on schoolyards can sit to seek friendship. The idea originated in Germany, but has recently been brought to the U.S. and has been garnering attention nationwide. At the request of many parents, Saint Joseph's decided to construct one

Scouting Achievements SPL, ASPL (2x), Troop Guide; OA Ordeal; Florida Seabase; Silver Buckle

Future Ambitions: Attend a university to seek a bachelor's degree in a technology major such as computer science, computer engineering, or electrical engineering. After graduation, I hope to continue my appreciation and main hobby in music by joining local concert bands, sound companies, or similar to do on the side after my main job.
