

Adam S Morrow

Troop 1

Project Hours 148

Board of Review 5/11/2017

Eagle Project My project involved building a 16 foot bridge and building 14 walkways over sections of trail which get extremely muddy in the Sharp's Woods nature preserve, owned by the Natural Lands Trust. This will make the preserve more accessible to the neighborhood surrounding the nature preserve.

Scouting Achievements PL, APL, Scribe; OA Ordeal; Sea Base

Future Ambitions: I want to study engineering in college and work in a field that involves research and development. I also would like to hike the Appalachian trail and spend time giving back by assisting a Boy Scout troop as an adult.

Eagle Project
