

# Trafford E Hunt

Troop 23

Project Hours 132

Board of Review 3/28/2017

**Eagle Project** I built agility courses for the Search and Rescue Dogs of Pennsylvania. The courses that I built will help the dogs develop the skills needed to find humans in burning buildings, mountains, lakes, woods, and our local neighborhoods. I am proud that my Eagle Scout Project will help save lives.

**Scouting Achievements** APL, Historian; Philmont, HSR (6x)

**Future Ambitions:** My goal is to attend the University of Colorado and earn a master's degree in geology. I would also like to join the Army, become a geologist, climb the seven summits, climb Mt. Everest and have a family to share my experiences with. I also want to visit many national parks like Yellowstone, Yosemite, Arches, Grand Canyon, Capitol Reef, Bryce Canyon, Zion and Denali.

## Eagle Project
