

# Gavin C Maxwell

Troop 80

Project Hours 242

Board of Review 12/5/2017

**Eagle Project** My project provided food and money for the Kennett Food Cupboard. We collected 1,406 pounds of food and raised \$1,435. The food cupboard will use the food and monetary donations to feed those in need (they serve over 400 families in the Kennett Square area) and to fund their operations. We also, 1) sorted all of the food by type and year of expiration, 2) assembled several shelves used for storage, and 3) performed gardening services (weeding the yard and produce beds, picking vegetables, etc.).

**Scouting Achievements** PL, Scribe; Arrow of Light

**Future Ambitions:** Over the next four years of high school, my goals are to strive to excel in academics, athletics, and music. I would like to attend Brigham Young University (BYU) after high school graduation. After my freshman year of college, I plan to serve as a full-time, volunteer missionary for my church for two years. Following my mission, I plan to return to BYU to continue my education. I'm not yet sure what I want to study, but I'm interested in engineering and business. I plan to raise a family, stay actively involved in Scouting, and continue to serve as a volunteer in my church and community.

## Eagle Project
