Board of Review 7/12/2017

Eagle Project PROJECT I created 10 Blue Bird houses that my group and I put in Pocopson Park, located in Pocopson Township. The birdhouses are located around the walking trail in the park. They are made of wood and mounted onto metal posts and are approximately seven feet in the air.

Scouting Achievements Senior Patrol QM, PL, APL

Future Ambitions: I plan to continue my education after high school, studying business. I hope to settle down and have a family later in life and stay in this region of the country. I want to stay active in Scouts as an adult, and become an Assistant Scoutmaster or take up another role in Scouting in the future.

Eagle Project
