

William Reese

Troop 73

Project Hours 240

Board of Review 12/10/17

Eagle Project I led a group of Scouts in doing landscaping for St. Joseph's Church in Spring City. The Scouts and I cleaned the outside walls of the church. Then, I had them turn over and weed the grass along the sides of the church, grade it, and fill in all the holes with some of the extra dirt. After that, I lead a group to install the edging. Finally, we put weed guard down on the graded section, then covered it with $\frac{3}{4}$ and 2-4 inch rocks. This helped increase the drainage around the church while enhancing its visual appeal.

Scouting Achievements

PL, SPL, ASPL, Librarian, Scribe, Sea Base Florida, NYLT, ILST, OA Brotherhood

Future Ambitions: I am intending on attending Montgomery County Community College, during which I will participate in prerequisite courses. Afterwards, I will go to a university to focus in the field of study I decide to pursue. Currently, I am unsure what my future will be, but I am leaning towards a few alternative vocations, such as a being a math teacher, an artist, or a librarian.
