

Andrew J Spencer

Troop 18

Project Hours 148

Board of Review 6/9/2017

Eagle Project I collected new and used soccer equipment for people in poor areas where there is no equipment. The organization Peace Passers helped find a mission group in Wisconsin that took my collected equipment to Guadalajara, Mexico. It will be given out to teens and children there.

Scouting Achievements

PL, ASPL; Sea Base

Future Ambitions: I plan on attending college. I would like to go into a health-related field and am leaning towards physical therapy. This means I would have to go to school for 6-7 years. I would like to play lacrosse in college. After college, I want to get married and have kids.

Eagle Project
