

Shane T O'Leary

Troop 31

Project Hours 207

Board of Review 4/25/2017

Eagle Project My project consisted of a bridge, trail work, and landscaping. The bridge was 25' long over a small stream for people and light equipment to pass over. Near the bridge, my crew and I widened the trail for small vehicles and planted native trees and shrubs. The project was done for ChesLen Preserve on one of their new trails

Scouting Achievements SPL, ASLP, NYLT staff; NYLT; OA Brotherhood; Philmont, Sea Base

Future Ambitions: I plan to finish high school then complete a four-year college program. I am still undecided about what I want to major in and then what I will want as my career.

Eagle Project
