

Iain P Johnston

Troop 7

Project Hours 107

Board of Review 5/22/2017

Eagle Project I built an outdoor picnic area for Baker Industries, a non-profit in Malvern. It was a pleasure to work with my fellow Scouts to complete the project, and see it progress each work day.

Scouting Achievements ASPL, APL, QM; OA Brotherhood; Sea Base

Future Ambitions: I hope to attend a four-year university, either University of Maine or College of the Atlantic, for a degree in anthropology or human ecology. I hope to get a job in environmental protection, alternative energy development, or at a museum working in early human civilizations. Personally I hope that I'll be happy in life and settled down somewhere by the time I'm 27. I also hope to keep my interest in photography and the outdoors throughout my life

Eagle Project
