

# Hunter I Hollander

Troop 1

Project Hours 333

Board of Review 10/4/2017

**Eagle Project** The John J. Audubon Society Center at Mill Grove conducts a Canoe Program on the banks of the Perkiomen Creek. The trail running down the hillside to the bank was a muddy, root covered hazard. My project constructed two sets of timber steps embedded in the hillside. A landing at the edge of the bank and a set of stairs leading from the landing to the canoe-launch sandbar in the creek. We added handrails to add a measure of safety on the downhill side.

**Scouting Achievements** PL, APL, QM of Grounds, Drum & Bugle Corps; ILST, NYLT; OA Ordeal; Sea Base, Northern Tier, Troop High adventure trips: Mt. Katahdin, ME, Alagash River, ME, Blue Mountain Ridge, NCN AiTN, White Mountain Ridge, NH; PL Award

**Future Ambitions:** AMBITIONS I want to follow the prior three generations of my family into the dental field. I want to study biology and business in college and then go to dental school. I also want to join the Army Reserve to serve as a Dental Officer.

## Eagle Project
