

GRIFFIN B HAMILTON

Troop 50

Project Hours 96.00

Board of Review 02/03/16

EAGLE PROJECT I led a group of Scouts and adults in repairing a section of the Cadet Trail at the McKaig Nature Education Center in Upper Merion Township. My helpers and I cleared the trail of debris and replaced five rotten and dangerous check dams on the trail. After replacing the check dams, we spread gravel on the trail to further prevent erosion and flooding.

SCOUTING ACHIEVEMENTS ASPL, Rifle Instructor; OA Brotherhood; NYLT; Philmont; Silver Buckle

FUTURE AMBITIONS One of my goals for the future is to get into the United States Naval Academy or an ROTC program. I would have the opportunity to serve our country and support the principles on which this nation stands. I would like to major for something in the humanities and reach my full potential as an athlete and a student. I am still unsure of what I want to do after college.

Eagle Project
