Eagle Project My project was a coat and other winter items drive for the charity Cradles to Crayons. It will grant clothing items to people who can't afford them, keeping them safe and warm during the winter. The charity used some of the coats to fill care packages for children across the country, and I could see they were running low so I think it will allow them to continue sending winter clothes to the people in need. I collected 231 coats, 112 winter hats, 106 pairs of gloves, and 61 scarves.

Future Ambitions: My plan is to attend Muhlenberg College. I will work on a master's degree in either environmental science, real estate or musical theater. I will also attend voice acting classes, and possibly earn a minor degree in it. I hope to own a tiny home while single, and buy a suburban home when I get married and raise a family. My goals in life are to be a good husband/father and to be happy, while financially stable.
