Troop 22

Project Hours 179

Board of Review 10/19/2017

Eagle Project I built a wooden educational kiosk for Hillandale Elementary School in Chester County. The kiosk acts as a marker for the Husky Trail that runs behind the school. Additionally, the kiosk allows the school to post important information for both students and users of the trail, telling them when the trail is off limits or not. Construction of the kiosk was done over the course of two work sessions, and two more were spent installing the kiosk at the school.

Scouting Achievements Den Chief, Troop Guide, Webmaster; OA Ordeal

Future Ambitions: I plan on going to college for four years, with the possibility of continuing on to graduate school. I'm not really sure what I want to major in; however, I expect I will choose something in the sciences. At college, I'd like to continue participating in debate, and I'd like to do research at the college I attend.
